July 13-16, 2025

5th Grade Missions Trip with The Assembly Kids

OVERVIEW & PURPOSE

This trip is our second-level elementary missions trip and is open to students the summer after they have completed 5th grade. On this trip, we venture a little further from home and stay a little longer than we did in 4th grade. Often, we think of the mission field as being far from home, which can lead us to believe we are not called to missions. However, every believer is called to share the gospel—the good news of Jesus—and this is our way of answering that call.

Our church exists to serve **Neighbors and Nations**, and this trip is designed to fulfill that mission. We are partnering with **Trinity Church Fair Park Campus**, which is working to meet the needs of the homeless and less fortunate while leading them to Jesus through outreach and evangelism. Our students will serve by working on projects that meet tangible needs—such as street cleanup, food distribution, and grocery delivery—as well as spiritual needs through prayer and community involvement. We will be housed at **Trinity Church Cedar Hill Campus**.
